Laptop Ergonomics

When using a laptop on a desk:

The screen is too low - increasing stress on the back, head, neck and shoulders. The keyboard is too small and mousing device is centrally located, which increases the stress on shoulders, forearms and wrists, increasing the likelihood of Carpal Tunnel Syndrome.

Correct use of laptop on a desk:

Position laptop on a riser, lifting the screen to eye level, the correct ergonomic height. Use an external keyboard and mouse, which relieves the stresses of incorrect posture, as well as gaining access to the extra functionality. Footrests should be used to promote correct posture.

Desktop Document Holders

DH640 In-Line Document Holder

Formulated with 40% preconsumer recycled content, helping you decrease your impact on the environment

Position directly between monitor and keyboard, just below the monitor to help reduce eye, neck and shoulder movement, which in turn minimizes strain and enhances overall comfort. Weighted base allows ledge to dip below the desk edge. Elastic line guide marks your place, keeps pages open and stretches to accommodate even the thickest books. 45.7cm wide, this model supports books, catalogs and just about any size document. Angle and height adjust to suit your needs. Black/Clear. Sheet capacity: 330 sheets at A3 size. 5 year warranty.

DH630 Compact In-Line Document Holder

For workstations with less space. Provides same in-line document holding functionality and adjustability as the DH640. 35.6cm wide, easy to adjust, with elastic line guide. Can stand alone on desktop or hangs over edge of desk when tracks are mounted with 3M™ Command™ Adhesive. Black/Clear. Sheet capacity: 150 sheets at A4 size. 2 year warranty.

Monitor Mount Document Holders

DH540 Flat Panel Document Holder

Monitor mounted to keep documents in same height and viewing plane as monitor to minimize eye and neck movements. Constructed with thick plastic. Friction fit provides sturdy and stable document support, however is removable if required. Easy six-way integrated one-hand adjustments. Back plate clip adjustable up to 22.9cm to support landscape and portrait A4-size documents. Light Grey. Sheet capacity: 150 sheets. 12 month warranty.

DH445 Flat Panel Document Holder

Sleek, lightweight design works beautifully with flat panel monitors and traditional desktop CRT monitors. Grooved ledge with height adjustable clip secures sheets in portrait or landscape view. Swings out of way when not in use. Black/Clear. Sheet capacity: 35 sheets. 30 day warranty.
