3M™ Anti-Glare Filters

Improve your view in high-glare situations

3M Anti-Glare Filters help reduce glare while making your screen more readable and easier to use. Compatible with most touchscreen displays, 3M Anti-Glare Filters also protect your screen from damage caused by the rigors of daily use. Filters include an easy on/off attachment method that allows you to place and remove filters quickly and easily whenever you want.

- Helps reduce glare and mirror-like reflections, which makes your screen easier to use in high-glare situations.
- Easy to apply, remove and reattach. Take on or off when needed. Includes two forms of attachment strips. No lamination, no bubbles.
- Compatible with most touchscreen displays.
- Protects screen against scratches.
- Lightweight, thin, frameless design.
- Easy to clean. Hides fingerprints.
